We (Zoey and Mark) are a couple of professional performer/musicians who are combining our energy, talent, and theatrical skills to do what we love best...play and sing great music in an entertaining and unique way.

Usually we perform as a piano/ voice duo, but we've been known to occasionally add another instrument or two.

We love the jazz and swing style of the 30's and 40's, but more than just the "standards".

We've made it our quest to find interesting and unusual material and put our own stamp on it- twisting and rearranging songs that you might think you know and adding some surprises!

WE PUT THE FUN IN YOUR FUNCTION!

“ Because your events are serious business
and the success of your event *is our business!*“
