*Malibu Bob (aka Rob Power) has been performing since he was but a young lad. Always the classroom cut-up, he found his strength in the theatre department of his junior high school. Also at an early age, he found a strong interest in magic and soon combined both skills and started performing as a professional entertainer. From birthday parties to restaurants and community centers and libraries Rob became a regular fixture in the Ontario entertainment scene.*

Over the years he added to his “bag of tricks” and soon found himself performing prop-comedy combining his magic with strange props as well as his newly acquired skill of juggling and fire eating at Comedy Clubs across the country.

Rob has developed a series of seasonal performers that have dazzled audiences of all ages. Dracula, Scrooge, The Mystical Pirate, and for the Harry Potter in all of us the oldest magician of the all Merlin. Rob’s show transcends magic and becomes a theatrical performance whereby he weaves a story and draws the audience into the illusion of the character before them.

Rob became a regular entertainer on cruise ships, resorts as well as seasonal theme parks such as Canada’s Wonderland and The CNE, and Ontario Place where he was performing not just his one-man show but also a larger theatrical illusion show.

Over the years Rob has re-invented his act and himself in various new styles of entertainment. He is a self taught guitarist (and guitar maker) and soon found himself performing in bars as not just the bar band but the bar band with a sense of humour.

With the popularity of karaoke, Rob found himself again adapting to the changes of the entertainment world and added a new element to his show, and Malibu Bob’s Comedy Karaoke was born!

*Bob’s partner is longtime friend and travelling comedian – Doug Docherty. The two of them combine their unique talents into a funny evening mixing music and comedy, into a full force of funny interactive frivolity.*

## **What is MALIBU BOB?**

1x (50% KARAOKE + 50% DISC JOCKEY)
